TELEMEDICINE IS THE WAY OF THE FUTURE

TELEHEALTH
IS UP 53%,
GROWING FASTER
THAN ANY
OTHER PLACE
OF CARE.

- American Medical Association

STUDENT HEALTH & WELLNESS

BENEFITS

The flexibility available through telemedicine services is an effective tool to help colleges and universities improve a diverse student populations access to healthcare including students who are older, online, part-time, and international.

SERVICE & ADVICE

Telemedicine can help Students and Health & Wellness staff by triaging digital treatment to the facility, and can be especially helpful at crowded health centers or if there is no Health Center available.

MARKETING & RESEARCH

Studies also find that students seeking care through Telemedicine services allows them to discuss their health more comfortably and to be more honest when discussing their health concerns. - Dr. Emil Baccash

WHY CHOOSE US

- ✓ Low Costs.
- ✓ Fast, Convenient, Comfortable.
- ✓ Reduce Health Risk/Infection Spread.
